Re: **Direct debit – NVR membership fee**

Dear NVR member,

This form allows you to sign up for a direct debit with the Netherlands Space Society. As the NVR is a volunteer-run organisation, receiving membership fees by direct debit can save time and funds best spent elsewhere. We would very much appreciate it if you could register your details with us so that we can arrange this for you.

**Direct debit membership fee authorisation**

- Direct debit means easy automatic payment as soon as it is due.
- You will never forget to transfer your fee.
- You are spared the inconvenience of having to organise every individual contribution.
- You can order your bank to reimburse any payment within 30 days if you object to the transfer.
- You can easily cancel your direct debit by informing the NVR membership administrators, and all direct debits are automatically closed when a membership is terminated.

I hereby authorise the NVR to deduct my membership fees from my bank account, until further notice:
