

ALV 2020 - Samenstelling Bestuur

Het bestuur deelt mee dat de termijn van Barbara ten Berge (secretaris) en Chris Verhoeven (bestuurslid) dit jaar eindigt. Barbara heeft besloten om na 3 termijnen van 3 jaar te stoppen als secretaris en bestuurslid van NVR. Chris Verhoeven stelt zich graag herkiesbaar voor een vierde termijn. Intern heeft het bestuur besloten om Peter Batenburg voor te dragen als kandidaat secretaris. Tevens heeft het bestuur Stacha Petrovic en Nicoletta Silvestri bereid gevonden om zich kandidaat te stellen voor toetreding tot het NVR bestuur.

Het bestuur stelt daarom het volgende voor:

- 1) Verkiezing van Peter Batenburg als secretaris
- 2) Herkiezing van Chris Verhoeven als bestuurslid
- 3) Verkiezing van Stacha Petrovic als bestuurslid
- 4) Verkiezing van Nicoletta Silvestri als bestuurslid

Biografie kandidaten

Stacha Petrovic (kandidaat bestuurslid): My name is Stacha Petrović and I am a 30 year old Dutch Aerospace Engineer currently working as a Systems Engineer for Aerospace Propulsion Products, ArianeGroup (APP) in Klundert, Noord-Brabant. In 2009 I started my bachelor in Aerospace Engineering at the TU Delft. During my studies I was involved in Delft Aerospace Rocket Engineering (DARE) where I worked on liquid rocket engines for sounding rockets. For my master I studied systems engineering and orbital mechanics at the TU Delft, did a trajectory internship at DLR in Bremen and was able to do my master thesis research in Mars ascent trajectories at NASA's Jet Propulsion Laboratory. I graduated in 2017 and started as Project Engineer at APP working on the Vulcain 2.1 starter and igniter for the Ariane 6 and was promoted to Systems Engineer for that same project 2 years later. In 2017, I also became a member of the NVR and started volunteering in the events and later also the young professionals committee and I am also the National Point of Contact for the Netherlands for the Space Generation Advisory Council (SGAC). Besides my interest in space, I also enjoy traveling, hiking, learning about and from different cultures, swimming, playing squash, gaming, dancing, singing, and spending time with my family and friends.

Nicoletta Silvestri (kandidaat bestuurslid): Nicoletta graduated at the TUDelft in Aerospace Engineering in 2010 and started working right away at Bradford Space BV designing and building space components for liquid propulsions on satellites. Few years later she moved to Aerospace Propulsion Products BV (APP) where she worked as System Engineer for the VINCI engine for the Ariane 5ME, now evolved into Ariane 6. In the last years at APP Nicoletta developed her career into project management. The AFX project she has been leading consisted in making the space technology available at APP for the rocket's igniters suitable for applications into the civil industry, and in particular for custom designed fire extinguishers. Since the end of 2019 Nicoletta is working as Project Manager in the Space Engineering group at TNO in Delft which is developing opto-mechanical instruments for Earth observation and space Missions. Nicoletta is active member of NVR as of 2015 and member of the Event commissie since then.

Voorstel Bestuur NVR

Voorzitter	Ir. Ton Marée
Vice-Voorzitter	Dr. Ir. Peter Buist
Secretaris	Ir. Peter Batenburg
Penningmeester	Ir. Mischa de Brouwer
Bestuurslid	Dr. Ir. Chris Verhoeven
Bestuurslid	Mr. Frederique van 't Klooster
Bestuurslid	Dhr. Frits Overtoom
Bestuurslid	Ir. Stijn Mast
Bestuurslid	Ir. Stacha Petrovic
Bestuurslid	Ir. Nicoletta Silvestri
